THE N. K. FAIRBANK COMPANY,
St. Louis, Chicago, New York, Boston, Philadelphia, San Francisco.

Daily Capital Journal
BY HOMER BROTHERS
SATURDAY, MAY 30, 1896.
A BANKER'S IDEA.

Dr. W. A. Cusick, president of the Capital National bank, of Salem, proposes a plan that will prove an interesting object lesson to advocates of free silver. Dr. Cusick offers to enter into an agreement with the other Salem banks that each, for a week or a month, simultaneously, shall handle no money but silver. It is proposed to send for a carload of silver, put on an extra force of clerks and meet all demands with silver. While this plan, pursued by one bank alone would drive the business to other banks in the same locality, Dr. Cusick thinks that by a concerted action the fallacy of free and unlimited coinage of silver would be practically demonstrated, and sincerity of the "free-silver-or-bust" advocates tested. All the banks agree that the ranker silverites refuse to take the metal, whose virtues they extol, in greater quantities than \$5 or \$10. An instance is related, where an uncompromising free-silver advocate presented a check for \$250. The amount was piled up before the customer in silver, when his amazement was unbounded. Asked if he did not believe the salvation of the country depended upon free silver, he hesitatingly answered that free silver was the theory but he could not use \$250 of it. A silver week or a silver month, observed by banks and business houses, it is thought, would bring many to a realization of what free silver means.—Oregonian, May 28.

Dr. W. A. Cusick is one of the best read men and most profound thinkers in this city who opposes "free and unlimited coinage of silver." He opposes silver intelligently and consistently, and we believe honestly and his statement above is written out by Walter Lyon, an intelligent young newspaper man of this city. Yet, we submit it is not a fair proposition, and that neither Dr. Cusick or Mr. Lyon would dare to maintain the proposition in argument before an intelligent audience at any country crossroads, or even in the gold standard stronghold of Salem.

The whole argument rests on the assumption that the advocate of 16 to 1 coinage of gold and silver is advocating silver alone as money, which is false. Silver advocates do not oppose the use of gold and paper as money, but want the use of all three.

It would be just as unreasonable and just as unfair to propose that for a week or a month all business should be done in gold or paper. It would be impracticable and impossible, but it would be no more of an argument than Dr. Cusick makes against silver. A carload of silver would be from \$800,000 to \$1,200,000 of silver according to the size of the car. In hopping season that much silver could be disposed of in this part of the Willamette valley, and it is a well known fact that hop growers often

WEAK MEN

CURED AS IF BY MAGIC.

Victims of Last March should send at once for a book that explains how full manly vigor is easily, quickly and permanently restored. No man suffering from weakness can afford to ignore this timely advice. Book tells how full strength, development and true manhood are imparted to every portion of the body. Sent with positive promise (sealed) free to any man on application.

ERIE MEDICAL CO., BUFFALO, N. Y.

pay a good round premium to get silver to pay off hands. There is hardly a manufacturing establishment in Salem that can get silver enough Saturday nights to pay off its hands. The JOURNAL has a small roll, but has often troubled the banks not a little, when times were flush and more silver was required, to get enough silver to pay even fifteen or twenty people. Now that business is at a low ebb, and laborers are working for one-half what they were getting five years ago, there is plenty of silver in the Salem banks.

But small as the wages are, and even if the goldites could depreciate silver coins to only their bullion value, which they never can, those coins even at bullion value, will buy as much flour, wheat, and the necessities of life, as the same amount of silver bullion would ten years ago, or as much labor as they would five years ago. Labor and farm products and silver have gone down as gold has gone up, or we are very much mistaken.

THE JOURNAL does not wish to get up a controversy with so learned and able a man as Dr. Cusick. But he must see that what he proposes is not all the principle involved in the silver question. He adroitly covers up the real issue and seeks to make the cause of silver as offensive as possible. Nobody wants silver alone to do all the business of the country. We very much fear Dr. Cusick and his friends want gold alone to be the basis money of the country. If that is not true, we wish to be corrected. Most of the opponents of silver do not want to be called gold basis money men, because they know that gold alone would not make as safe or sound a basis as gold and silver taken together. If they do not know it they should.

\$100 Reward \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

The many imitations of HIRE'S Rootbeer simply point to its excellence—the genuine article proves it.
Made only by The Charles H. Hire Co., Philadelphia. & No. postage makes 5 cents. Sold everywhere.

WILL MOVE.—On June 1st Kenworthy & George, the popular caterers, expect to be installed in their new home at No. 106 State street, they having purchased the fixtures of the Royal. They will move right away and by the 1st will be better prepared than ever before to serve the finest meals in the city on short notice.

THE TYAN SHOWS.—Among the marvelous features of Bond Brothers' famous exhibitions which will erect its many Mammoth tents for exhibition at Salem, June 10.

Children Cry for Pitcher's Castoria.

STATE FIELD DAY

Entries From the Different Colleges.

SOME PROTESTS FILED

Against Three of Willamette's Athletes.

As Saturday, June 6th approaches, the more intense becomes the interest and excitement in regard to the grand intercollegiate field day meet to be held in Salem on that day. Five colleges of the Willamette valley will contest for athletic honors. The order of events and the entries from the different colleges appear below. Salem will entertain in her usual satisfactory and pleasing manner, several hundred visitors on that day as excursions, both by boat and train, will be given from both upper and lower valley points. The best athletes of this part of the state will be present and contest for honors in the respective events. A handsome silver cup, the value of which exceeds \$100, will be awarded the college securing the largest number of points.

The Second Regiment band of Salem will be present and discourse beautiful strains of music throughout the afternoon. The management has thus provided all the amusement that could be desired for the entertainment of those who may witness the contest.

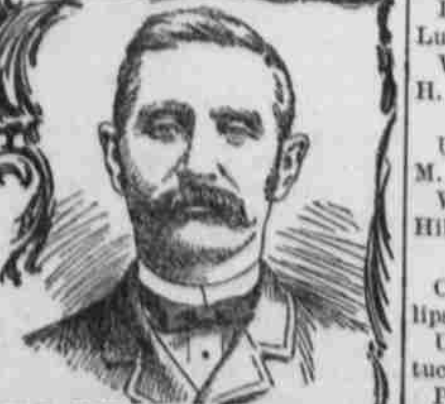

The Pacific college, at Newberg, has already filed three protests with executive committee of the athletic association, whereby they seek to debar Byars, Babcock and Sonnemman, all of Willamette university, from taking part in the contests. The only grounds for complaint and upon which they rely, is that the gentlemen are connected with the musical department. Now this is certainly a very weak defense. The college of music is just as much a department of Willamette university as is the college of liberal arts. Again, the protests are merely "guess work" as is evident in the complaint against Byars. Mr. Byars is taking a course in Latin, German and French and has no connection whatever with the department of music. Nevertheless Mr. Byars is an accomplished musician, possessing an unusually rich baritone voice. As for Messrs. Babcock and Sonnemman it is true they are students of the musical department but as we have said before that is one of the most valuable department of the university.

Willamette university does not propose to act dishonestly in this matter and shall do that which she thinks is right. In anticipation of exciting events on field day, our athletes have been training very hard the past week and shall continue in their preparation next week also. The team promises to be in the best of condition by field day and it is hoped that the honest and conscientious efforts of our home team may be crowned with success Saturday, June 6th.

This grand event will be brought to a happy conclusion with an intercollegiate banquet at Reed's opera house in the evening at which time a very excellent musical and literary program will be given.

Full Details Gladly Given.

A Railroad Official's Experience.

M. R. EDWARD EDMONDS, long connected with railroad construction in Nebraska, writes: "My heart troubled and pained me for 19 years. Shortness of breath was the constant and most common symptom. Intense, excruciating pain, generally followed an appetite, flustering that made me clutch my breast, and palpitation that often staggered me as if I would fall, were frequent attacks. Again, everything would turn black if I arose from a stooping posture quickly. Sleepless nights with their prostrating unrest were numerous and I could get no rest day or night. I consulted leading physicians and tried advertised remedies. They gave me no relief. One of Dr. Miles' circulars described my case so exactly that I took Dr. Miles' New Heart Cure and I am now a well man. I hope every one troubled with heart disease will try Dr. Miles' remedies. If they will write me personally, I will gladly give them full details of my experience." EDWARD EDMONDS, P. O. Box 66, David City, Nebraska.

Dr. Miles' Heart Cure is sold on guarantee that first bottle benefits or money refunded.

Sour

Stomach, sometimes called waterbrash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood purifier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep, and raises the health tone. In cases of dyspepsia and indigestion it seems to have "a magic touch."

"For over 12 years I suffered from sour

Stomach

with severe pains across my shoulders, and great distress. I had violent nausea which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla, that I took several bottles and soon to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back, and after the grip. I gladly recommend this grand blood medicine."

Mrs. PETER BURRY, Leominster, Mass.

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. \$1. Hood's Pills cure all Liver and Biliousness. Hood's Pills cure all Headaches. 25 cents.

gram will be given by the leading talent of the colleges represented in the contests.

The entries from the different colleges are as follows:

Marvelous Results.
From a letter written by Rev. J. Gundersen, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitancy in recommending Dr. King's new discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at River Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New discovery; it was quick in its work and highly satisfactory in result." Trial bottles free at J. and A. Logg's Drug Store. Regular size 50 cents, and \$1.00.

State Treasurer's Sixteenth Notice.
STATE OF OREGON, Treasury Dept., SALEM, May 28, 1896.
Notice is hereby given that there are funds on hand with which to redeem all outstanding state warrants endorsed by me "presented and not paid for want of funds" between the dates of October 8, 1895 and the date of this notice, with the exception of warrants drawn on the swamp land fund, and that all such warrants, properly endorsed, will be paid upon presentation at this office, interest thereon ceasing from, and after, the date of this notice.

PHIL METSCHAN, State Treasurer.

May 23—Local field day, University and Y. M. C. A., Salem.
May 29—County canvass by Republican candidates at Salem.
June 1—General election.
June 6—Intercollegiate Oregon field day, Salem.
June 16—Republican national convention, St. Louis.
June 16—Annual reunion of Oregon pioneers, Portland.
July 7—Democratic national convention, Chicago.
July 22—National Populist convention, St. Louis.

Doctors are often handicapped by the mere fact that when treating the diseases of women, they suggest and insist on "examinations" and "local treatment." A great many of them do not know that this is absolutely unnecessary. A woman has been thrown into a dangerous state of nervous excitement by the mere suggestion of such treatment. Many women lie to the doctor. That sounds hard, but it is undoubtedly true. They know that if they admit certain symptoms that the doctor will inevitably insist on an "examination." They do not give him all the facts in the case, and so he works in the dark. Quite often the doctor is too busy and too hurried to make the necessary effort to obtain the facts. He frequently treats symptoms for what they appear to be on the surface, when the real cause and the real sickness is deeper and more dangerous. A derangement of the distinctly feminine organs will derange the whole body. The woman herself may not know exactly what is the matter with her, but whenever she is sick, there are two things she should look out for first. One is what is called "female weakness," the other is constipation, for these two things frequently go together. Dr. Pierce's Female Prescriptions is designed for the cure of diseases and disorders of women, and it does cure them. It has been performing its healing mission for 30 years, and tens of thousands of women have been made happy, healthy, and contented by its use. Dr. Pierce's Pleasant Pellets are for constipation, and sometimes in well meaning ignorance, they will try to tell you something else. There is nothing "just the same" or "just as good." The druggist who tells you there is, is either mistaken or dishonest.

If you care to know more about your own body, send 21 one-cent stamps to cover cost of mailing, and you will receive absolutely free a copy of Dr. Pierce's Little Blue Book, "Common Sense Medical Advice." Address: World's Dispensary Medical Association, Buffalo, N. Y.

Battle-Ax PLUG

"Big as a Barn Door."

For 10 cents you get almost twice as much "Battle Ax" as you do of other high grade goods. Before the days of "Battle Ax" consumers paid 10 cents for a small plug of the same quality. Now, "Battle Ax"—Highest Grade, twice the quantity. That's true economy.

A difference of a day.

Go east over the Burlington and you will reach
Omaha 17 hours sooner
Kansas City 10 hours sooner
than the man who takes any other line.
Possibly you doubt this, but it is true just the same.
Get one of our folders, open it—look at the map in it—and you will understand why it is true.
